## Meet the New Management Team:

Marcia was born in Michigan, graduated from Lakewood High School. She graduated from California State University with a Bachelors degree in Management, and worked for 15 years as Director of Finance, Operations and MIS at the National Association of Underwater Instructors.

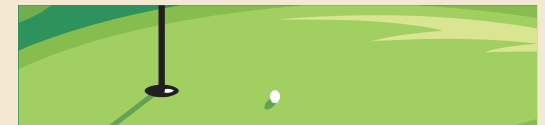

Norm was born in Pennsylvania, and has worked as a heavy equipment operator for 30+ years. His emphasis will be on maintaining the equipment and grounds, while Marcia will concentrate on the business end.

The course is a work in progress, and many improvements have been made in the last year, including repairing drainage and irrigation systems, adding more ballwashers, clearing brush and debris in overgrown areas, leveling out tee areas, and repairing bridges. The clubhouse has also undergone some renovations, but remains a cozy, informal environment overlooking a spectacular view of the course. Our friendly staff will go out of their way to make you feel welcome, and we are certain you will enjoy your Mulberry Fore Experience.
